

OUR HISTORY | NUESTRA HISTORIA

Gauss started in the 1990s as a remanufacturer of voltage regulators. With the growth of the business, the partners decided to invest in the manufacture of these parts and later, on new technologies to expand their product line. Today, the Company specializes in vehicle electronics, providing a broad portfolio of parts for electronic injection, ignition, electrical and cooling, for the light, heavy vehicle, motorcycle, agricultural and construction machinery markets.

Throughout this trajectory, the Company expanded its operations geographically. In addition to its factory in Brazil, it opened a new plant in China, a Distribution Center in Poland and 4 other Distribution Centers in Brazil. Thus, it managed to strengthen its leadership in the Brazilian market, in addition to serving the 5 continents of the globe, selling its more than 6,300 part numbers in 60 countries.

Year after year, the small remanufacturing of Brazilian voltage regulators has become a global company in the after-market of vehicle electronic components, adding technology, establishing quality standards and valuing the people who are part of this history.

Evolving has been our goal, focus and motto. Evolution is Gauss!

Gauss comenzó en la década de 1990 como refabricante de reguladores de voltaje. Con el crecimiento del negocio, los socios decidieron invertir en la fabricación de estas piezas y posteriormente en nuevas tecnologías para ampliar su línea de productos. En la actualidad, la empresa se especializa en electrónica de vehículos, proporcionando una amplia cartera de piezas para inyección electrónica, encendido, electricidad y refrigeración, para los mercados de vehículos ligeros, pesados, motos, maquinaria agrícola y de construcción.

A lo largo de esta trayectoria, la empresa expandió geográficamente sus operaciones. Además de su fábrica en Brasil, abrió una nueva planta en China, un Centro de Distribución en Polonia y otros 4 Centros de Distribución en Brasil. Así, logró fortalecer su liderazgo en el mercado brasileño, además de atender a los 5 continentes del mundo, vendiendo sus más de 6,300 referencias en 60 países.

Año tras año, la pequeña remanufactura de reguladores de voltaje brasileños se ha convertido en una empresa global en el reemplazo de componentes electrónicos de vehículos, agregando tecnología, estableciendo estándares de calidad y valorando a las personas que forman parte de esta historia.

Evolucionar ha sido nuestro objetivo, enfoque y lema. ¡La evolución es Gauss!

LAMPS FOR LIGHT AND HEAVY VEHICLES

Since 2009 Gauss has supplied the lighting line to the market. Today there are more than 180 items distributed among miniature bulbs, headlights bulbs, standard halogens, super white halogens and xenon.

The evolution of Gauss is also present in its bulbs. To evolve is to enlighten!

LÁMPARAS PARA VEHÍCULOS LIGEROS Y PESADOS

Desde 2009, Gauss ha suministrado su línea de lámparas al mercado. Hoy en día son más de 180 artículos distribuidos entre lámparas en miniatura (COLORLESS / TRANSPARENTEas y ámbar), lámparas para faros, halógenos comunes, halógenos superblancos y xenón.

La evolución de Gauss también está presente en sus lámparas. ¡Evolucionar es iluminar!

A close-up photograph of a person's hand holding a small, cylindrical LED lamp assembly. The assembly has a silver-colored metal body with a textured, heat-dissipating finned section. A black cable is attached to the bottom. The background is blurred, showing what appears to be a workshop or industrial setting.

EVOLUCIONAR ES ILUMINAR

A blue off-road vehicle, possibly a Jeep, is shown from a front-facing perspective, driving up a dirt hill. The vehicle's headlights and a long LED light bar mounted on the roof are illuminated, casting a bright glow. The background is a hazy, orange-tinted sky, suggesting a sunset or sunrise. The vehicle is positioned in the center of the frame, with the hill rising in front of it.

A full-page photograph of a motorcycle rider in a black helmet and jacket, riding a dark motorcycle. The scene is set against a dramatic sunset sky with orange and blue tones. The sun is low on the horizon to the left, creating a strong lens flare and illuminating the rider's gear. The motorcycle's headlight is on, glowing yellow. The rider is leaning slightly forward, and the background shows a blurred landscape of hills and a road.

LAMP FOR MOTORCYCLE

Since 2009 Gauss has been supplying the lighting line to the market, with the inclusion of the motorcycle segment, Gauss extends its performance. Today there are more than 50 items distributed among miniature bulbs, headlights bulbs, standard halogens, super white halogens and xenon.

The evolution of Gauss is also present on bulbs. To evolve is to enlighten!

LÁMPARAS PARA MOTOCICLETAS

Desde 2009, Gauss ha suministrado su línea de lámparas al mercado. En 2017, con la inclusión del segmento de motocicletas, Gauss amplía sus prestaciones. Hoy en día son más de 50 artículos distribuidos entre lámparas en miniatura (transparentes y ámbar), lámparas para faros, halógenos comunes, halógenos superblancos y xenón.

La evolución de Gauss también está presente en sus lámparas. ¡Evolucionar es iluminar!
